# Tempo Festival of the Arts Bursary Information

Congratulations on being chosen to receive a \$150 bursary from Tempo Festival of the Arts to a summer arts education program of your choice. You may choose a program in any field of the arts, whether it be something you are already involved in, or something completely new to you. The bursary can not be used for weekly lessons during the winter months. It is intended to enrich your arts education by assisting you to take part in something extra, something outside of your day to day education. The program you choose can be a day workshop, a day camp or a sleep away camp. It is completely up to you!

You will have until June 1, 2019 to register for a summer program. After that time, you will forgo the prize and the runner up will be awarded the \$150 bursary.

After you have attended your chosen program, The Tempo Festival will reimburse the fees, up to \$150. Simply fill out the form on the right, and mail it to the Tempo Festival with the receipt for the fees. Submitting the receipt as soon as possible after the program will ensure you are reimbursed in a timely manner. If you have any questions, call Shannon Klassen, 204-745-2188
